

THE GREAT STEM QUIZ 2026

created by **My Science Club**

for  **BRITISH
SCIENCE
WEEK**

Quiz teams of 3 or 4 - choose a STEM related team name

Three rounds of 12 questions

Each question read twice

Mark each round after it's completed - either mark own, or swap

1 mark for each question

Total out of 36

THE GREAT STEM QUIZ 2026 created by  My Science Club

ROUND 1

GENERAL STEM

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q1

What does the acronym
STEM stand for?

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q2

Which mathematical number system is the language computers use ?

- a. Decimal**
- b. Binary**
- c. Logo**
- d. Geometry**

Q3

What two things do magnets do?

- a. Push and Pull**
- b. Stick and Twist**
- c. Attract and Repel**
- d. Push and Stick**

Q4

What substance is sometimes known by its chemical name CO_2 ?

- a. Air
- b. Carbon monoxide
- c. Water
- d. Carbon Dioxide

Q5

What scale is used to measure the strength of an earthquake?

- a. Kelvin Scale**
- b. Beaufort Scale**
- c. Richter Scale**
- d. Newton Scale**

Q6

What do red blood cells do?

- a. Fight infection in the body**
- b. Clean blood vessels**
- c. Digest food**
- d. Carry oxygen from the lungs round the body**

Q7

What is the hardest natural substance found on Earth?

- a. Diamond**
- b. Gold**
- c. Titanium**
- d. Iron**

Q8

Which group of animals are characterised by giving birth to premature young that develop in pouches?

- a. Fish**
- b. Birds**
- c. Reptiles**
- d. Marsupials**

Q9

What is an animal that only eats plants?

- a. Carnivore**
- b. Herbivore**
- c. Omnivore**
- d. Decomposer**

Q10

Which planet in our Solar System has the most moons?

- a. Venus**
- b. Mars**
- c. Jupiter**
- d. Saturn**

Q11

Which branch of engineering designs and builds roads, bridges and other infrastructure?

- a. Electical Engineering**
- b. Mechanical Engineering**
- c. Civil Engineering**
- d. Chemical Engineering**

Q12

Where does the energy come from in a hydroelectric power station?

- a. Heat from the sun**
- b. Moving wind**
- c. Flowing water**
- d. Heat from the Earth**

ANSWERS

ROUND 1

GENERAL STEM

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q1

What does the acronym
STEM stand for?

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q1

What does the acronym STEM stand for?

SCIENCE, TECHNOLOGY, ENGINEERING & MATHEMATICS (OR MATHS)

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q2

Which mathematical number system is the language computers use ?

- a. Decimal**
- b. Binary**
- c. Logo**
- d. Geometry**

Q2

Which mathematical number system is the language computers use ?

a. Decimal

b. Binary

c. Logo

d. Geometry

Q3

What two things do magnets do?

- a. Push and Pull**
- b. Stick and Twist**
- c. Attract and Repel**
- d. Push and Stick**

Q3

What two things do magnets do?

- a. Push and Pull
- b. Stick and Twist
- c. Attract and Repel
- d. Push and Stick

Q4

What substance is sometimes known by its chemical name CO_2 ?

- a. Air
- b. Carbon monoxide
- c. Water
- d. Carbon Dioxide

Q4

What substance is sometimes known by its chemical name CO_2 ?

- a. Air
- b. Carbon monoxide
- c. Water
- d. Carbon Dioxide

Q5

What scale is used to measure the strength of an earthquake?

- a. Kelvin Scale**
- b. Beaufort Scale**
- c. Richter Scale**
- d. Newton Scale**

Q5

What scale is used to measure the strength of an earthquake?

- a. Kelvin Scale
- b. Beaufort Scale
- c. Richter Scale
- d. Newton Scale

Q6

What do red blood cells do?

- a. Fight infection in the body**
- b. Clean blood vessels**
- c. Digest food**
- d. Carry oxygen from the lungs round the body**

Q6

What do red blood cells do?

- a. Fight infection in the body**
- b. Clean blood vessels**
- c. Digest food**
- d. Carry oxygen from the lungs round the body**

Q7

What is the hardest natural substance found on Earth?

- a. Diamond**
- b. Gold**
- c. Titanium**
- d. Iron**

Q7

What is the hardest natural substance found on Earth?

a. Diamond

b. Gold

c. Titanium

d. Iron

Q8

Which group of animals are characterised by giving birth to premature young that develop in pouches?

- a. Fish**
- b. Birds**
- c. Reptiles**
- d. Marsupials**

Q8

Which group of animals are characterised by giving birth to premature young that develop in pouches?

a. Fish

b. Birds

c. Reptiles

d. Marsupials

Q9

What is an animal that only eats plants?

- a. Carnivore**
- b. Herbivore**
- c. Omnivore**
- d. Decomposer**

Q9

What is an animal that only eats plants?

a. Carnivore

b. Herbivore

c. Omnivore

d. Decomposer

Q10

Which planet in our Solar System has the most moons?

- a. Venus**
- b. Mars**
- c. Jupiter**
- d. Saturn**

Q10

Which planet in our Solar System has the most moons?

- a. Venus
- b. Mars
- c. Jupiter
- d. Saturn

Q11

Which branch of engineering designs and builds roads, bridges and other infrastructure?

- a. Electical Engineering**
- b. Mechanical Engineering**
- c. Civil Engineering**
- d. Chemical Engineering**

Q11

Which branch of engineering designs and builds roads, bridges and other infrastructure?

- a. Electical Engineering
- b. Mechanical Engineering
- c. Civil Engineering
- d. Chemical Engineering

Q12

Where does the energy come from in a hydroelectric power station?

- a. Heat from the sun**
- b. Moving wind**
- c. Flowing water**
- d. Heat from the Earth**

Q12

Where does the energy come from in a hydroelectric power station?

- a. Heat from the sun
- b. Moving wind
- c. Flowing water
- d. Heat from the Earth

ROUND 2

WHAT'S THE QUESTION?

Q1

8

- a. How many legs does an insect have?
- b. How many planets are there in the Solar System?
- c. How many colours can a bee see?
- d. How many eggs does an emu lay?

Q2

Cat

- a. Which animal sleeps the most?**
- b. Which family of animals does the tiger belong to?**
- c. Which animals can swim fastest?**
- d. Which animals have the thickest fur?**

Q3

Iron

- a. Which metal is brass made from?**
- b. Which metal is liquid at room temperature?**
- c. Which metal floats on water?**
- d. Which metal are magnets usually made from?**

Q4

Clouds

- a. What stops birds flying too high?**
- b. Why do aircraft have to be fitted with radar?**
- c. What is caused by condensing water in the atmosphere?**
- d. What is the major cause of global warming?**

Q5

Waterproof Glue

- a. What did seaweed inspire scientists to make?**
- b. What is the most toxic substance on Earth?**
- c. What did mussels inspire scientists to invent?**
- d. What is used to fix holes in container ships?**

Q6

101001

- a. What is 82 in binary?
- b. What is 8 in binary?
- c. What is 3 in binary?
- d. What is 74 in binary?

Q7

Hexagonal

- a. What shape is the cross section of a tree trunk?**
- b. What shape are shark teeth?**
- c. What shape are the cells in a bee hive?**
- d. What shape are bird's nests?**

Q8

Great White Shark

- a. Which animal kills the most humans every year?**
- b. Which sea creature can dive deepest?**
- c. Which animal is the fastest swimmer?**
- d. Which animal grows new teeth throughout its life?**

Q9

1,800,000

- a. How many ants can live in a single nest?**
- b. How many people are stung by bees every year?**
- c. How many wind turbines are there in the UK?**
- d. How many electric vehicles are there in the UK?**

Q10

1998

- a. When was the first flat screen TV made?
- b. When did the building of the International Space Station start?
- c. When did humans last walk on the Moon?
- d. How many miles do geese fly to migrate each winter?

Q11

Silk

- a. What is the strongest natural fibre?**
- b. What is the stickiest material on Earth?**
- c. What do baby spiders eat?**
- d. What is a bear's favourite food?**

Q12

341

- a. How many tonnes does a cruise liner weigh?
- b. What is the fastest car ever in miles/hour?
- c. How many different species of cat are there?
- d. What is the speed of sound in m/s?

ANSWERS

ROUND 2

WHAT'S THE QUESTION?

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q1

8

- a. How many legs does an insect have?
- b. How many planets are there in the Solar System?
- c. How many colours can a bee see?
- d. How many eggs does an emu lay?

Q1

8

- a. How many legs does an insect have?
- b. How many planets are there in the Solar System?
- c. How many colours can a bee see?
- d. How many eggs does an emu lay?

Q2

Cat

- a. Which animal sleeps the most?**
- b. Which family of animals does the tiger belong to?**
- c. Which animals can swim fastest?**
- d. Which animals have the thickest fur?**

Q2

Cat

- a. Which animal sleeps the most?
- b. Which family of animals does the tiger belong to?
- c. Which animals can swim fastest?
- d. Which animals have the thickest fur?

Q3

Iron

- a. Which metal is brass made from?
- b. Which metal is liquid at room temperature?
- c. Which metal floats on water?
- d. Which metal are magnets usually made from?

Q3

Iron

- a. Which metal is brass made from?
- b. Which metal is liquid at room temperature?
- c. Which metal floats on water?
- d. Which metal are magnets usually made from?

Q4

Clouds

- a. What stops birds flying too high?**
- b. Why do aircraft have to be fitted with radar?**
- c. What is caused by condensing water in the atmosphere?**
- d. What is the major cause of global warming?**

Q4

Clouds

- a. What stops birds flying too high?
- b. Why do aircraft have to be fitted with radar?
- c. What is caused by condensing water in the atmosphere?
- d. What is the major cause of global warming?

Q5

Waterproof Glue

- a. What did seaweed inspire scientists to make?**
- b. What is the most toxic substance on Earth?**
- c. What did mussels inspire scientists to invent?**
- d. What is used to fix holes in container ships?**

Q5

Waterproof Glue

- a. What did seaweed inspire scientists to make?**
- b. What is the most toxic substance on Earth?**
- c. What did mussels inspire scientists to invent?**
- d. What is used to fix holes in container ships?**

Q6

101001

- a. What is 82 in binary?
- b. What is 8 in binary?
- c. What is 3 in binary?
- d. What is 74 in binary?

Q6

101001

- a. What is 82 in binary?
- b. What is 8 in binary?
- c. What is 3 in binary?
- d. What is 74 in binary?

Q7

Hexagonal

- a. What shape is the cross section of a tree trunk?**
- b. What shape are shark teeth?**
- c. What shape are the cells in a bee hive?**
- d. What shape are bird's nests?**

Q7

Hexagonal

- a. What shape is the cross section of a tree trunk?**
- b. What shape are shark teeth?**
- c. What shape are the cells in a bee hive?**
- d. What shape are bird's nests?**

Q8

Great White Shark

- a. Which animal kills the most humans every year?**
- b. Which sea creature can dive deepest?**
- c. Which animal is the fastest swimmer?**
- d. Which animal grows new teeth throughout its life?**

Q8

Great White Shark

- a. Which animal kills the most humans every year?**
- b. Which sea creature can dive deepest?**
- c. Which animal is the fastest swimmer?**
- d. Which animal grows new teeth throughout its life?**

Q9

1,800,000

- a. How many ants can live in a single nest?
- b. How many people are stung by bees every year?
- c. How many wind turbines are there in the UK?
- d. How many electric vehicles are there in the UK?

Q9

1,800,000

- a. How many ants can live in a single nest?**
- b. How many people are stung by bees every year?**
- c. How many wind turbines are there in the UK?**
- d. How many electric vehicles are there in the UK?**

Q10

1998

- a. When was the first flat screen TV made?
- b. When did the building of the International Space Station start?
- c. When did humans last walk on the Moon?
- d. How many miles do geese fly to migrate each winter?

Q10

1998

- a. When was the first flat screen TV made?
- b. When did the building of the International Space Station start?
- c. When did humans last walk on the Moon?
- d. How many miles do geese fly to migrate each winter?

QII

Silk

- a. What is the strongest natural fibre?**
- b. What is the stickiest material on Earth?**
- c. What do baby spiders eat?**
- d. What is a bear's favourite food?**

Q11

Silk

- a. What is the strongest natural fibre?
- b. What is the stickiest material on Earth?
- c. What do baby spiders eat?
- d. What is a bear's favourite food?

Q12

341

- a. How many tonnes does a cruise liner weigh?
- b. What is the fastest car ever in miles/hour?
- c. How many different species of cat are there?
- d. What is the speed of sound in m/s?

Q12

341

- a. How many tonnes does a cruise liner weigh?
- b. What is the fastest car ever in miles/hour?
- c. How many different species of cat are there?
- d. What is the speed of sound in m/s?

ROUND 3

ACCIDENTAL INVENTIONS

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q1

What was the inventor of the microwave oven trying to invent?

- a. A fast acting freezer**
- b. A new jet engine**
- c. A radar system**
- d. A new form of communication**

Q2

What did Dr Kellogg invent by baking stale, flaky, boiled wheat?

- a. Porridge**
- b. Corn Flakes**
- c. Weetabix**
- d. Horse Feed**

Q3

What important fastener was invented while picking burrs out of dog fur?

- a. Velcro**
- b. Zip**
- c. Buttons**
- d. Shoe laces**

Q4

What explosive did Alfred Nobel invent after spilling nitroglycerin on sawdust?

- a. Semtex
- b. TNT
- c. Dynamite
- d. Gunpowder

Q5

In 1968, a 3M employee, Spencer Silver, was making super strong glue to be used on airplanes. What he created instead was a very weak glue that is now used to make...

- a. Stamps**
- b. Post-it notes**
- c. School glue sticks**
- d. PVA glue**

Q6

What important medicine was discovered when a messy scientist's work grew mould on it?

- a. Penicillin**
- b. Aspirin**
- c. Paracetamol**
- d. Calpol**

Q7

What was invented in 1853 by a grumpy chef who had a customer complain that his chips were too thick?

- a. Skinny Fries**
- b. Potato Wedges**
- c. Crisps**
- d. Pringles**

Q8

In 1886 pharmacist, Dr. John Pemberton, was trying to make a cure for headaches and exhaustion. He accidentally created a syrup that, when mixed with carbonated water, became...

- a. Coffee**
- b. Ice Tea**
- c. Lucozade**
- d. Coca Cola**

Q9

Engineer Richard James was developing springs that would keep equipment steady on ships. He knocked the spring off a ledge, saw the incredible way it moved and sold it as a...

- a. Baby Bouncer**
- b. Slinky**
- c. Hammock**
- d. Car suspension**

Q10

This children's toy was originally invented as a product to clean stains off wallpaper.

- a. Play Doh**
- b. Slime**
- c. Silly Putty**
- d. Plasticine**

Q11

In 1942, Harry Coover was looking for materials he could use to build clear plastic gun sights for the war. Instead, what was the chemical he discovered that stuck to everything it touched.

- a. Superglue**
- b. Velcro**
- c. Pritt Stick**
- d. Teflon**

Q12

What did inventor Walter Hunt accidentally invent while sitting at his desk twisting a piece of wire?

- a. Split Pin**
- b. Sewing needle**
- c. Paper clip**
- d. Safety pin**

ANSWERS

ROUND 3

ACCIDENTAL INVENTIONS

THE GREAT STEM QUIZ 2026 created by **My Science Club**

Q1

What was the inventor of the microwave oven trying to invent?

- a. A fast acting freezer**
- b. A new jet engine**
- c. A radar system**
- d. A new form of communication**

Q1

What was the inventor of the microwave oven trying to invent?

- a. A fast acting freezer
- b. A new jet engine
- c. A radar system**
- d. A new form of communication

Q2

What did Dr Kellogg invent by baking stale, flaky, boiled wheat?

- a. Porridge**
- b. Corn Flakes**
- c. Weetabix**
- d. Horse Feed**

Q2

What did Dr Kellogg invent by baking stale, flaky, boiled wheat?

a. Porridge

b. Corn Flakes

c. Weetabix

d. Horse Feed

Q3

What important fastener was invented while picking burrs out of dog fur?

- a. Velcro**
- b. Zip**
- c. Buttons**
- d. Shoe laces**

Q3

What important fastener was invented while picking burrs out of dog fur?

a. Velcro

b. Zip

c. Buttons

d. Shoe laces

Q4

What explosive did Alfred Nobel invent after spilling nitroglycerin on sawdust?

- a. Semtex
- b. TNT
- c. Dynamite
- d. Gunpowder

Q4

What explosive did Alfred Nobel invent after spilling nitroglycerin on sawdust?

- a. Semtex
- b. TNT
- c. Dynamite**
- d. Gunpowder

Q5

In 1968, a 3M employee, Spencer Silver, was making super strong glue to be used on airplanes. What he created instead was a very weak glue that is now used to make...

- a. Stamps**
- b. Post-it notes**
- c. School glue sticks**
- d. PVA glue**

Q5

In 1968, a 3M employee, Spencer Silver, was making super strong glue to be used on airplanes. What he created instead was a very weak glue that is now used to make...

a. Stamps

b. Post-it notes

c. School glue sticks

d. PVA glue

Q6

What important medicine was discovered when a messy scientist's work grew mould on it?

- a. Penicillin**
- b. Asprin**
- c. Paracetamol**
- d. Calpol**

Q6

What important medicine was discovered when a messy scientist's work grew mould on it?

a. Penicillin

b. Asprin

c. Paracetamol

d. Calpol

Q7

What was invented in 1853 by a grumpy chef who had a customer complain that his chips were too thick?

- a. Skinny Fries**
- b. Potato Wedges**
- c. Crisps**
- d. Pringles**

Q7

What was invented in 1853 by a grumpy chef who had a customer complain that his chips were too thick?

- a. Skinny Fries
- b. Potato Wedges
- c. Crisps
- d. Pringles

Q8

In 1886 pharmacist, Dr. John Pemberton, was trying to make a cure for headaches and exhaustion. He accidentally created a syrup that, when mixed with carbonated water, became...

- a. Coffee**
- b. Ice Tea**
- c. Lucozade**
- d. Coca Cola**

Q8

In 1886 pharmacist, Dr. John Pemberton, was trying to make a cure for headaches and exhaustion. He accidentally created a syrup that, when mixed with carbonated water, became...

- a. Coffee
- b. Ice Tea
- c. Lucozade
- d. Coca Cola

Q9

Engineer Richard James was developing springs that would keep equipment steady on ships. He knocked the spring off a ledge, saw the incredible way it moved and sold it as a...

- a. Baby Bouncer**
- b. Slinky**
- c. Hammock**
- d. Car suspension**

Q9

Engineer Richard James was developing springs that would keep equipment steady on ships. He knocked the spring off a ledge, saw the incredible way it moved and sold it as a...

a. Baby Bouncer

b. Slinky

c. Hammock

d. Car suspension

Q10

This children's toy was originally invented as a product to clean stains off wallpaper.

- a. Play Doh**
- b. Slime**
- c. Silly Putty**
- d. Plasticine**

Q10

This children's toy was originally invented as a product to clean stains off wallpaper.

a. Play Doh

b. Slime

c. Silly Putty

d. Plasticine

Q11

In 1942, Harry Coover was looking for materials he could use to build clear plastic gun sights for the war. Instead, what was the chemical he discovered that stuck to everything it touched.

- a. Superglue**
- b. Velcro**
- c. Pritt Stick**
- d. Teflon**

Q11

In 1942, Harry Coover was looking for materials he could use to build clear plastic gun sights for the war. Instead, what was the chemical he discovered that stuck to everything it touched.

a. Superglue

b. Velcro

c. Pritt Stick

d. Teflon

Q12

What did inventor Walter Hunt accidentally invent while sitting at his desk twisting a piece of wire?

- a. Split Pin**
- b. Sewing needle**
- c. Paper clip**
- d. Safety pin**

Q12

What did inventor Walter Hunt accidentally invent while sitting at his desk twisting a piece of wire?

- a. Split Pin
- b. Sewing needle
- c. Paper clip
- d. Safety pin**

ROUND 1 GENERAL STEM

1	Science, technology, engineering & mathematics
2	B - Binary
3	C - Attract & Repel
4	D - Carbon Dioxide
5	C - Richter Scale
6	D - Carry Oxygen
7	A Diamond
8	D - Marsupials
9	B - Herbivore
10	D - Saturn
11	C - Civil Engineering
12	C - Flowing Water

ROUND 2 WHAT'S THE QUESTION?

1	B
2	B
3	D
4	C
5	C
6	A
7	C
8	D
9	D
10	B
11	A
12	D

ROUND 3 ACCIDENTAL INVENTIONS

1	C - Radar System
2	B Corn Flakes
3	A - Velcro
4	C - Dynamite
5	B - Post-it notes
6	A - Penicillin
7	C - Crisps
8	D - Coca Cola
9	B - Slinky
10	A - Play Doh
11	A - Superglue
12	D - Safety Pin

We hope you enjoyed our Great STEM Quiz 2026

Why not pop along to www.myscienceclub.com and look for more of our FREE resources

If you want to join us and make use of our fantastic resources to run your own science club, then take advantage of our special code to celebrate British Science Week 2026

Simply enter the code **MSCBSW26** at checkout and receive a 25% discount on a 12 month membership! Code valid until end April 2026

This QR code will take you straight there!
